ACKNOWLEDGEMENT

I take the opportunity to express my cordial gratitude and deep sense of indebtedness to my guide **Prof. Rakesh Pandey** for the valuable guidance and inspiration throughout the project duration. I feel thankful to him for his innovative ideas, which led to successful completion of this project work. I feel proud and fortune to work under such an outstanding mentor in the field of **Slow Loris and Image Steganography in Android.** He has always welcomed my problem and helped me to clear my doubt. I will always be grateful to him for providing me moral support and sufficient time.

I owe sincere thanks to **Dr. Kavita Burse,** Dean Academic OIST, who helped me duly in time during my project work in the Department.

At the same time, I would like to thank **Dr. (Lt.) Sanjeev Kumar Sharma (HOD, CSE)**, all other faculty members, and all non-teaching staff of department of Computer Science & Engineering for their valuable co-operation.

I would also thank to my Institution, faculty members and staff without whom this project would have been a distant reality. I also extend my heartfelt thanks to my family and well wishers.
